

OEM Engine Extended Warranty Plans

Extend your peace of mind

When you buy a John Deere-powered machine, you're buying the ability to get work done. Without downtime, without worries, and without hassles. And you're buying the assurance that if you do need help, a strong support network will be there — ready to step in.

Confidence. That's what John Deere engines and John Deere warranties are all about. John Deere offers a solid 2-year/2,000-hour standard warranty with every new industrial and marine OEM engine. And, for even greater peace of mind, John Deere offers extended coverage that's just as solid.

Act now. Extended warranty plans must be purchased through an authorized John Deere service outlet before standard warranty term hours or years expire. If purchased after the first year of warranty and prior to 2,000 hours of use, a surcharge applies.

Extend your protection

Avoid unexpected repair costs with the protection of a John Deere OEM engine extended warranty plan. No pre-approval of warrantable failure claims is necessary. Simply call or visit any authorized John Deere dealership for fast, reliable service and pay only a US \$250.00 deductible per claim. Our extended warranty plans protect the engine as well as any components and accessories installed by John Deere and our engine distributors.

Extend your resale value

Repairs made under an OEM engine extended warranty plan use only genuine John Deere parts installed by qualified John Deere service technicians. Maintaining your engine with John Deere parts not only keeps your equipment running smoothly, it keeps your equipment value high when it's time to sell or trade. Any remaining extended warranty coverage is fully transferable to a new owner, with no transfer fee.

Extend your engine coverage

Extended warranty plans for John Deere OEM engines offer flexible coverage — up to 5 years or 10,000 hours in specific applications. Select from a variety of coverage lengths, in total years and total hours, depending on how long you plan to own your engine and your estimated annual usage.

John Deere industrial and marine [†] OEM engine extended warranty plans	
Years of Coverage*	Cumulative Hours of Use
2 Years	2,000 Hours
3 Years	3,000 Hours
4 Years	4,000 Hours
5 Years	5,000 Hours
	10,000 Hours (industrial engines only)

[†] John Deere marine engines with an M5 power rating are excluded from 3,000 and above hours of coverage.

* Coverage is measured from the date of delivery to the original retail purchaser.

Contact your John Deere dealer for plan pricing and details. Visit JohnDeere.com/dealer to find the authorized engine service location nearest you.
